Why us

We are specialist accountants with a niche-focus on three markets; Financial Services, International Trade and Government. Our focus on these markets, combined with our multidisciplinary and diverse team is what makes us unique.

Our Advisory team works with domestic and international banks, insurers, investment firms, non-bank providers of finance, large credit unions, corporates, government departments and the Central Bank of Ireland.

At EisnerAmper, we design business and compliance solutions to make trade happen.

This is what we do everyday.
