

Accounting & Compliance Services

We deliver market leading outsourcing solutions to commercial and financial services companies operating in Ireland and using Ireland as a base to trade in Europe.

Why us

We are specialist accountants with a niche-focus on three markets; Financial Services, International Trade and Government. Our focus on these markets, combined with our multidisciplinary and diverse team is what makes us unique.

Our Accounting & Compliance team provide market leading management & regulatory reporting, statutory financial statements preparation and ongoing advisory services to commercial and financial services firms operating in Ireland and using Ireland as a base to trade in Europe.

At EisnerAmper, we design business and compliance solutions to make trade happen.

This is what we do everyday.

Specialist services

Case studies

IT Services & Life Sciences

- Assisting international companies, primarily in services, IT and life sciences, establishing Ireland as a base in Europe.
- Many of these companies make use of our full range of accounting & reporting solutions in Ireland or benefit from our audit services where they have internal accounting capability.

Private Equity

- Working with the principals behind a Singapore private equity firm, investing in Ireland through a fund structure.
- Providing monthly accounting, payroll & VAT compliance and preparation of financial statements as well as corporation tax compliance to the fund and underlying trading entities.

Financial Services & SPVs

- Servicing many global clients by providing accounting, tax and payroll assistance to their regulated financial services SPVs and trading entities in Ireland.
- Providing ongoing accounting services in addition to regulatory insights and advice.

Medical Device Industry

- Assisting an Australian based noninvasive medical device developer and supplier seeking HQ and distribution in Ireland.
- Providing initial set up support and now providing ongoing compliance services including accounting and tax.
